# S M E G

*Smeg believe that the kitchen is the heart of every household. Being able to cook in a harmonious and functional area is essential for creating a pleasant and warm atmosphere whenever food is part of the day. Smeg embodies this Italian spirit and has shown it by designing kitchen appliances which express the real essence of 'Made in Italy': creativity, elegance, gorgeous aesthetics and technological innovation.*

*Alongside cookers, refrigerators, hobs and small kitchen appliances, Smeg also offers, in line with its philosophy of being attentive to design and quality, a series of Made-in-Italy cookware that complements all of the appliances dedicated to food preparation and storage.*
