

## SF9390X1

Oven, Classic, 90cm, Thermo-ventilated, Stainless steel, A+, Vapor Clean

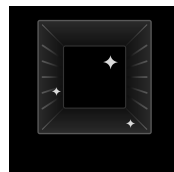

### ECLIPSE BLACK GLASS

Eclipse black glass is an innovative, premium material which appears jet black when the oven is off, yet transparent when the oven is turned on, offering enhanced visibility into the oven cavity to check on cooking progress with ease.

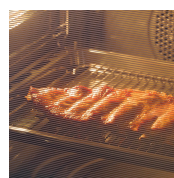

### VAPOR CLEANING

The eco-friendly Vapor Clean function makes cleaning easy through the use of steam. Simply put a little water mixed with detergent into the hollow of the oven base to generate vapor and release burnt on food from the walls of the oven.

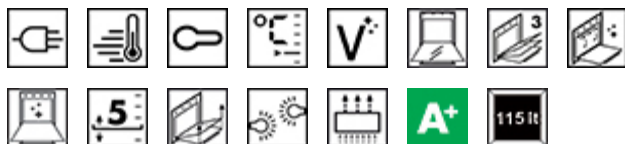

### EASY CLEAN ENAMEL INTERIOR

The enamel finish of the oven cavity has a special antacid lining which helps to reduce the amount of dirt adhering to the surface.

### CLOSED DOOR GRILLING

Closed door grilling allows you to grill with the door closed, keeping cooking smells inside the oven and out of the kitchen to ensure a safe cooking environment and reduced energy consumption.
